

ENVIRONMENTAL PROTECTION AGENCY – EMERGENCY RESPONSE REGION IX

Mercury Response and Cleanup

Mercury Response and Cleanup – Class Instructions

1. Go to [Documents List - EPA OSC Response](#) and download the **Mercury Response and Cleanup** zip file.
2. Unzip files and download them to your computer. *NOTE: The Files will download to your "Downloads" folder.*
3. Open and complete the Modules in the order they appear. The modules will start/play automatically after you open them. *NOTE: This is a PowerPoint Slide Show File. Meaning, you cannot access the PowerPoint slides directly.*
4. Once you have completed the class, please send an email to FOSC Robert Wise at wise.robert@epa.gov to obtain your certificate of completion. If your entire agency is taking the training, please have your supervisor or training coordinator contact FOSC Robert Wise for further instructions and to obtain a course certificate template.

Questions may be forwarded to Federal On-Scene Coordinator Robert Wise at 562-889-2572 or via email at wise.robert@epa.gov.

EPA technical assistance during a mercury incident response can be obtained by calling 800-300-2193, ext. 3.

For additional trainings, go to [Region 9 Training Resources](#)
